About this Board Game

There is a fun, engaging, and interactive new way to talk to colleagues and executives about gender bias at work. Presenting the Be a Gender Bias Detective online boardgame.

More than process or policy what promotes diversity at the workplace is the awareness of cognitive biases and their impact on everyday behavior and decision making. When managers become aware of their biases and learn how to look for them consciously, they reduce their impact.

Five Biases to Detect

The list of cognitive biases run into hundreds. However, our team has identified four biases that are most critical to be managed to create an environment where gender diversity can flourish.

The Five Cognitive Biases

Descriptive stereotypes

Prescriptive stereotypes

Confirmation bias

Gender biased language

Affinity bias

Be a Gender Bias Detective, is a highly engaging and intense online board game where learners take on the role of a bias detective and hunt down the five cognitive biases that impact gender diversity at work.

Intense, Engaging, and Gamified

This is not a traditional, click and learn eLearning module, but, an intense and gamified online learning experience. The focus is on understanding biases and their impact on scenarios, realistic situations, and case challenges.
